

Pre-Application Evaluation Criteria Sheet

# 27448427

Funding Cycle: 2023 – 2024

Project Title: St. Tammany Living Shoreline at Goose Point

Applicant partner (mark affiliation):	
Local governing authority	<input checked="" type="checkbox"/>
Political subdivision of the State	<input type="checkbox"/>
State agency	<input type="checkbox"/>
Non-government organization working with public agency	<input type="checkbox"/>

Name of affiliated entity or partner: St. Tammany Parish

Project Category (mark all that apply):	
Land conservation of important natural areas, including fish and wildlife habitat.	<input checked="" type="checkbox"/>
Water quality projects related to land conservation or land management, including those lands that protect drinking water supplies	<input type="checkbox"/>
Conservation project on working land, farms, and forested land.	<input type="checkbox"/>
Conservation project on recreational properties related to important natural areas and public use.	<input type="checkbox"/>
Conservation project on historic properties adjacent to or integral to habitat restoration or enhancement	<input type="checkbox"/>

Considerations	
Is the total cost outlined in the pre-application? (Y/N)	<input checked="" type="checkbox"/>
Does the pre-application describe funding or other type of match? (Y/N)	<input checked="" type="checkbox"/>
Does the pre-application describe how the project will provide benefits into the future? (Y/N)	<input checked="" type="checkbox"/>
Does the project align with any State Plan? (Y/N)	<input checked="" type="checkbox"/>
Is the project contiguous with other conservation properties? (Y/N)	<input checked="" type="checkbox"/>
Is the project in an underserved area or an area of designated need? (Y/N)	<input type="checkbox"/>
Does the proposal contain a schedule for timely completion? (Y/N)	<input checked="" type="checkbox"/>
Is there a plan for maintenance and management of the project (sustainability through time)? (Y/N)	<input checked="" type="checkbox"/>

Technical Advisory Board (TAB) reviewed on: May 22, 2023

Pre-Application Evaluation Criteria Sheet

# 27647809

Funding Cycle: 2023 – 2024

Project Title: Saltwater Barrier Control Structures (Schooner Bayou) Project

Applicant partner (mark affiliation):	
Local governing authority	✓
Political subdivision of the State	
State agency	
Non-government organization working with public agency	

Name of affiliated entity or partner: Vermillion Parish Police Jury

Project Category (mark all that apply):	
Land conservation of important natural areas, including fish and wildlife habitat.	✓
Water quality projects related to land conservation or land management, including those lands that protect drinking water supplies	✓
Conservation project on working land, farms, and forested land.	
Conservation project on recreational properties related to important natural areas and public use.	✓
Conservation project on historic properties adjacent to or integral to habitat restoration or enhancement	

Considerations	
Is the total cost outlined in the pre-application? (Y/N)	y
Does the pre-application describe funding or other type of match? (Y/N)	y
Does the pre-application describe how the project will provide benefits into the future? (Y/N)	y
Does the project align with any State Plan? (Y/N)	y
Is the project contiguous with other conservation properties? (Y/N)	y
Is the project in an underserved area or an area of designated need? (Y/N)	-
Does the proposal contain a schedule for timely completion? (Y/N)	y
Is there a plan for maintenance and management of the project (sustainability through time)? (Y/N)	-
